ABOUT THE CONFERENCE

The International Conference on Emerging Trends in Computer Science and Intelligent Systems (ICETCSIS 2025) aims to provide a platform for researchers, academicians, and industry professionals to present and discuss the latest innovations, trends, and challenges in the evolving fields of computer science and intelligent systems.

Papers from diverse domains and multi-disciplinary areas will be presented by participants from across the globe, making this conference a vibrant platform for knowledge sharing and innovation.

This conference will bring together experts from around the world to share their research findings, exchange ideas, and collaborate on cutting-edge technologies that are shaping the future of computer science and artificial intelligence.

The conference is designed to foster collaboration between academia and industry, providing opportunities for networking and knowledge sharing among participants from diverse backgrounds and expertise areas.

By focusing on emerging trends and practical applications, the conference will contribute to the development of innovative solutions that address real-world challenges in computer science and intelligent systems.

ABOUT AMIEE ASSOCATION

The AI-ML, Innovative Entrepreneurs, and Engineers Association (AMIEE) is a leading professional organization committed to advancing AI, machine learning, innovation, entrepreneurship, and engineering across with a mission to foster the growth and development of professionals while creating a dynamic community for networking, knowledge-sharing, and collaboration in these fields.

AMIEE strives to create an environment where professionals, academics, and aspiring innovators can connect, share ideas, and work together on transformative initiatives. By facilitating networking opportunities, hosting knowledge-driven events, and promoting interdisciplinary collaboration, the association empowers its members to stay ahead in an ever-evolving technological landscape.

Our esteemed association boasts a membership of over 1000 individuals, encompassing leaders from various domains, including Heads of Departments from renowned colleges and universities, as well as professionals from the industry.

ABOUT CMAOI ASSOCATION

The CMAOI Association is a Commerce and Management Association for Industry Experts and Academic Professionals committed to advancing education and research practices across India. With anout 900 esteemed members, including Heads of Departments from renowned colleges and industry professionals, CMAOI is a dynamic platform fostering networking, knowledge-sharing, and collaboration within commerce, management, and technology.

ABOUT RAHSS ASSOCATION

The Research and Advancement in Humanities and Social Sciences Association (RAHSS) is a non-profit academic and professional organization dedicated to the advancement of knowledge, research, and innovation in the fields of humanities and social sciences.

RAHSS actively works to empower educators, students, and communities through knowledge-sharing, skill development, and inclusive practices that contribute to national and global development by fostering interdisciplinary academic collaboration and organizing global conferences, seminars, and FDPs.

KEY FOCUS AREAS (TRACKS)

We are inviting original research papers, review articles, and case studies. The submitted abstracts will be evaluated by our jury members. Accepted Papers will be published in Journal of Research and Innovation in Technology, Commerce and Management with ISSN and Google Scholar Indexing. Best papers in key areas will be awarded.

The conference tracks are designed to cover the most relevant and emerging areas in computer science and intelligent systems, providing participants with comprehensive insights into current research trends and future opportunities in these rapidly evolving fields. Original Papers are invited for presentation in below areas:

- Artificial Intelligence and Machine Learning
- Data Science and Big Data Analytics
- Cybersecurity and Privacy
- Blockchain and Decentralized Systems
- Cloud Computing and Edge Technologies
- Internet of Things (IoT) and Sensor Networks
- Natural Language Processing and Conversational AI
- Computer Vision and Image Processing
- Quantum Computing and High-Performance Computing
- Human-Computer Interaction and Assistive Technologies
- Software Engineering and Agile Development
- Educational Technology and E-Learning Innovations

IMPORTANT DATES

- **Paper Submission Deadline:** 5th October 2025
- **Acceptance Notification:** 6th October 2025
- **Camera-Ready Submission:** 8th October 2025
- **Conference Dates:** 11th and 12th October 2025 (Online Mode)

Only for Award Nominees

- **Final Video Upload:** 5th October 2025
- **Questionnaire Fill Up Form:** 8th October 2025

REGISTRATION GUIDELINES

Interested participants can use the below link to complete their registration before the paper submission deadline. If your paper is accepted, a conference fee of Rs 3,000 will be required to complete your registration.

CONFERENCE AWARDS

Based on originality, innovation, creativity and quality, best bapers will be selected and awarded among below categories:

Best Research Paper Award

Awarded to the paper with the most rigorous methodology, impactful findings, and contribution to advancing theoretical or applied computer science.

Best Innovation Paper Award

Recognizes groundbreaking or highly original work that proposes novel ideas, algorithms, or system designs with transformative potential.

Best Application Paper Award

For papers demonstrating real-world applications of intelligent systems or CS technologies—especially impactful case studies or system implementations.

Best Student Paper Award

Honors outstanding research led primarily by students (undergraduate or postgraduate), encouraging young researchers to contribute actively.
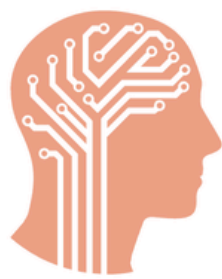

Best Interdisciplinary Paper Award

Acknowledges work that bridges computer science with other disciplines (e.g., healthcare, social sciences, economics, biology) in innovative ways.

Best Presentation / Communication Award

Awarded to the paper with the most engaging and clear presentation during the conference, valuing science communication and clarity.

Rising Star Researcher Award

Given to a young researcher (first author under 30 or within 5 years of their first publication) showing high promise.
